Dear Miss Parlow,

I beg to express my sincerest thanks for your extreme kindness of giving me your autograph, which I shall always treasure very highly as a souvenir from you and as a remembrance of the delightful, but too brief moments, I enjoyed the sublimity of your art. When in later years you may think of making a tour to Australia, I hope you will remember Java, my native country, where a warm and hearty welcome will surely be yours. - I shall be very much pleased indeed, if you will kindly allow me to come and call on you next Monday in Amsterdam and bring you my photograph in my own national costume. Sincerely hoping you will favour me with an answer, I am,

Yours most admiringly,
Sooxo Kartono.
